

## Record of Discussions

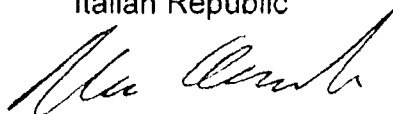

Delegations representing the Aeronautical Authorities of the Italian Republic and the Russian Federation met in Rome on 12 and 13 March 2014 to discuss air services arrangements.

Discussions were held in an open and friendly atmosphere.

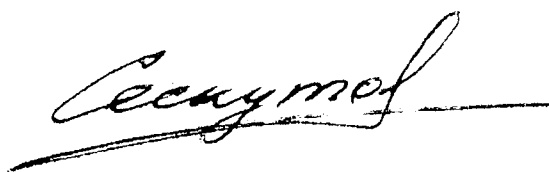

Lists of the delegations are attached hereto at Annex A.

The Delegations after having reconsidered the possibility to develop aeronautical relations on bilateral basis aiming at increasing air traffic rights and at the modernisation of the existing system of utilization of transiberian routes, realized at this stage to be not in a position to elaborate a common interpretation of the understandings in force and decided to meet again before the end of 2014 to discuss specific aspects concerning aeronautical matters of mutual interest.
